The Entrant accepts that the Organiser may conduct checks to verify the information that the Entrant has provided to the Organiser.
- 1.6. These Rules have been developed to ensure that competitors in the Competition may compete against one another under fair and equal conditions. They cannot, however, cover every eventuality; matters that cannot be resolved by interpreting the Rules to the letter will be resolved by the Organiser, following the spirit of the text to obtain a solution that is fairest to all competitors in the Competition.

18. Tests for prohibited substances

In common with other similar bodies, the Organiser of the Competition takes a very serious view of the use of Prohibited Substances (as defined below)++, whether intentional or unintentional, having particular regard to the safety of children and vulnerable adults.

Entrants should be aware that many proprietary feeds and preparations contain Prohibited Substances as do many foods such as chocolate. Prohibited Substances can be absorbed through the skin and they are also contained in some homoeopathic and herbal remedies including calmers. It is the responsibility of the Entrant, having custody of a Horse, particularly in the twenty four hours before a Competition, to ensure that nothing is fed, administered or applied to a Horse that contains a Prohibited Substance. Ignorance is not an adequate defence.

The Organiser is not authorised to give guidance to Entrants, but the Organiser follows the Equine Prohibited Substances List ("EPSL") as published from time to time by the Federation Equestre Internationale ("FEI").

Where appropriate, the Organiser will adopt threshold levels published in the EPSL. Please note that the EPSL includes any other substance with a similar chemical structure or similar biological effect(s) as substances specifically mentioned on the list. All substances on the list, whether indicated as "Banned" or "Controlled":are prohibited substances under the Rules. Also prohibited are "metabolites" of the substances and "markers":both terms being defined below; save and except that Altronogest/synthetic progesterone is NOT a prohibited substance (e.g. Regumate) so long as it is not in Stallions or Geldings and that FEIRules are adhered to.

(A) Use of Prohibited Substances

- (i) Any Horse taking part in classes judged under the Competition Rules will be liable to Prohibited Substances Testing (as defined below) in accordance with the Prohibited Substances Testing procedure laid down by this Rule. A refusal to submit an animal for Prohibited Substances Testing shall constitute a breach of this Rule.
- (ii) The presence in the tissues, body fluids, excreta, hair or skin of a Horse of a Prohibited Substance (as defined below) shall constitute a breach of this Rule by the Owner and/or Rider and/ or any other person involved with the animal.
- (iii) "Prohibited Substances Testing" means the examination of a Horse by a duly qualified person appointed by the Organiser and includes the taking of samples for subsequent analysis of all or any body fluids, excreta, hair or skin scrapings at the discretion of the person conducting the examination.
- (iv) "Prohibited Substance" means any quantity of any substance listed as a "Banned" or "Controlled" substance on the EPSL as published by the FEI and in force from time to time excluding any quantity of any substance under any threshold level specified in the EPSL but including any other substance with chemical structure or similar biological effect(s) as any substance on the and also including any metabolites of such substances and any markers. The terms metabolite and marker shall have the same meaning as in the FEI Anti-Doping and Controlled Medication Regulations as published by the FEI from time to time.

- (v) Any person who administers or attempts to administer or allows or causes to be administered or connives at or promotes or encourages at the administration to a Horse of a Prohibited Substance shall be guilty of a breach of this Rule.
- (vi) The Organiser reserves the right to refuse entry to the Competition and/or to disqualify a Horse, Rider and Owner in the event that the Horse has previously tested positive for any Prohibited Substances following an examination by a duly qualified person at any other competition, whether organised by the Organiser or any other organiser, association, society or body.

(B) Sampling Procedure

- (i) A duly qualified person will be appointed by the Organiser to undertake the Prohibited Substances Testing.
- (ii) Prohibited Substances Testing will take place as soon as possible after the participation of the Horse in its class, provided that it does not interfere with its programme, in which case the Prohibited Substances Testing should take place as soon as possible after the Horse has completed its programme on that day.
- (ii) It is the responsibility of the person in charge of the Horse (whether it be the owner or the rider or other such person) to supervise the Horse from the time of notification of selection for Prohibited Substances Testing until completion of Prohibited Substances Testing. It is also the responsibility of this person to witness the sampling procedure and to sign a declaration to the effect that he/she has witnessed the collection and sealing of the test samples. Refusal or wilful obstruction by any person to submit a Horse for sampling or refusal to sign the above mentioned declaration is a violation of the Rules and will be subject to the same sanctions as a positive sample result.
- (iii) All samples taken on behalf of the Organiser will be kept in a secure place and dispatched to the laboratory selected as soon as reasonably possible after collection.
- (iv) The sample must be divided into two parts EPSL hereinafter referred to as Sample A and Sample B. The initial analysis will be done by the laboratory on Sample A.
- (v) If the result of analysis of Sample A is negative then the laboratory may forthwith destroy Sample B. The Owner or Rider will be notified within 14 days of the Organiser receiving any negative result.
- (vi) If the result of analysis of Sample A is positive then the Owner and/or Rider must be notified in writing by recorded delivery post. The Owner and/or Rider may require confirmatory analysis of Sample B provided that a written request for such confirmatory analysis is received by the Organiser within 14 days of dispatch by the Organiser of notification of a positive analysis of Sample A.

- (viii) Upon receipt of a valid request for confirmatory analysis of Sample B, the Organiser shall inform the laboratory immediately and the laboratory shall carry out the analysis of Sample B.
- (ix) If the result of analysis of Sample B is negative then the entire test shall be considered negative.
- (x) If the result of analysis of Sample A is positive and no valid request for confirmatory analysis of Sample B is received, the Owner and/or Rider shall reimburse the Organiser for the cost of analysis of Sample A forthwith upon demand.
- (xi) If the analysis of Sample B is positive then the person requesting the analysis shall reimburse the Organiser the cost of analysis of Samples A and B forthwith upon demand.

(C) Penalties

- (i) If the presence of a Prohibited Substance in the tissues, body fluids, excreta, hair or skin of a Horse is confirmed by laboratory analysis carried out pursuant to this Rule then the result of the Prohibited Substances Testing shall be reported to the Organiser.

- (ii) The Organiser shall investigate the matter and decide within 28 working days of the date of notification of a positive Prohibited Substances test to the Owner and/ or Rider whether or not to institute disciplinary proceedings for a breach or breaches of this Rule and decide to disqualify the Horse.
- (iii) The Organiser may impose any or all of the following penal ties:
 - a. The Horse shall be disqualified from any class, competition or championship in which it took part on the date of the Prohibited Substances Testing and any subsequent class, competition or championship for which it qualified on the date of the Prohibited Substances Testing and shall forfeit any placings, awards and prize money.
